

Description of Barns:
Barns 1 & 2-back to back shed row with overhang. Half swinging doors, no tops. Solid walls between stalls and on stall fronts. Floors are cement.
Barn 3-back to back shed row with overhang. Half swinging doors, no tops. Half solid walls between stalls and on stall fronts, top half chain link. Floors are cement.
Barn 4-4 rows of stalls, 2 rows outside, 2 with inside aisle. Inside aisle is not enclosed. Stall fronts are swinging pipe gates, walls are slat boards. Floors are stone dust.
 There are covered wash racks at each barn. Manure pits are conveniently located near barns.
 There is limited trailer parking near barns, but plenty of parking within easy walking distance.
